25X1   Comment:

\* The battalion mentioned is the 1st indep inf Bn of the 1st inf Div.

The report, though old, is forwarded as it is credible. The report confirms the existing belief that the increasing of the Hungarian Army made no evident progress until the end of 1948. The statement that Genlelt KOZMA was replaced as CG of the 2d MD is disbelieved because newspapers of April 1949 mentioned him as still holding this position. Col PORFY was identified as Genmajor in BUDAPEST in June 1948. He presumably received another appointment.
